**Invitation**

Dear Dr. Qin Wang, dear Colleague

I have been informed that you will be in Europe for the ICDP meeting in Potsdam (Germany) in October 19-21 2016. I formerly invite you to visit us in Zurich for few days just after (from October 22, 2016), so that we can discuss and refine our current collaborative project on shale gas, as well as discuss further cooperation on physical properties of peridotites.

Please use this letter to proceed with your visa application if need be (although Schengen visas include Switzerland). Most important is to have a valid health insurance during your stay here.

I am are eagerly looking forward to your visit.

Yours sincerely,
