INVITATION LETTER

ATTENDING THE 50TH ANNIVERSARY OF HANOI UNIVERSITY OF MINING AND GEOLOGY, HANOI, VIETNAM

Dear Prof. Wang Rucheng,

In 1966, Hanoi University of Mining and Geology (HUMG), Vietnam was separated from Hanoi University of Science and Technology. Through 50 years of development, HUMG became the leading higher educational and research institution in Vietnam for multidisciplinary areas such as the Earth and related sciences (Geology, mining and mineral processing engineering, oil and gas engineering, geomatics and land administration, environmental technology), civil engineering, electro-mechanics, informatics and business administration, etc.

In 2016, the University will reach a special milestone – 50th anniversary of the university establishment and achievements that continue to develop and look forward to the future. This is a special event marking a journey of the striving, development and maturity of the professors, employees, researchers and students. The 50th Anniversary will be marked by an Anniversary Ceremony held on 15th of November, 2016 and by a series of international conference entitled “ESASGD 2016 - International Conferences on Earth Sciences and Sustainable Georesources Development” on 14th - 15th of November, 2016.

We have the pleasure of inviting you to pay a visit in Vietnam from 6th to 21st of November, 2016 to attend these special events which will take place in the main Meeting Hall of Hanoi University of Mining and Geology. Duc Thang Ward, Bac Tu Liem District, Hanoi, Vietnam as well as to discuss the prospects for our closer cooperation in both training and researching, especially to develop the cooperation in mineral exploitation and visit field trip in Vietnam.

We look forward to welcoming you to the Hanoi University of Mining and Geology.

Yours sincerely,

Assoc. Prof. Dr. Le Hai An
President/Rector
