Dear Yong-Xiang Li,

I would like to cordially invite you to give an oral presentation of your work entitled "Dynamic evolution of Oceanic Anoxic Event 2 (OAE2): insight from a refined chemostratigraphic record, southern Tibet, China" at the upcoming SEPM research conference on Oceanic Anoxic Events, which is being held on 1-6 November, 2016 in Austin, TX, USA. We look forward to your presentation and contribution.

Sincerely,

A handwritten signature in blue ink, appearing to read "R. Forkner", with a long horizontal flourish extending to the right.
